ASSIGNMENT – Connecting Azure Account to Azure Storage Explorer

Step-by-Step Process to Connect Azure Account

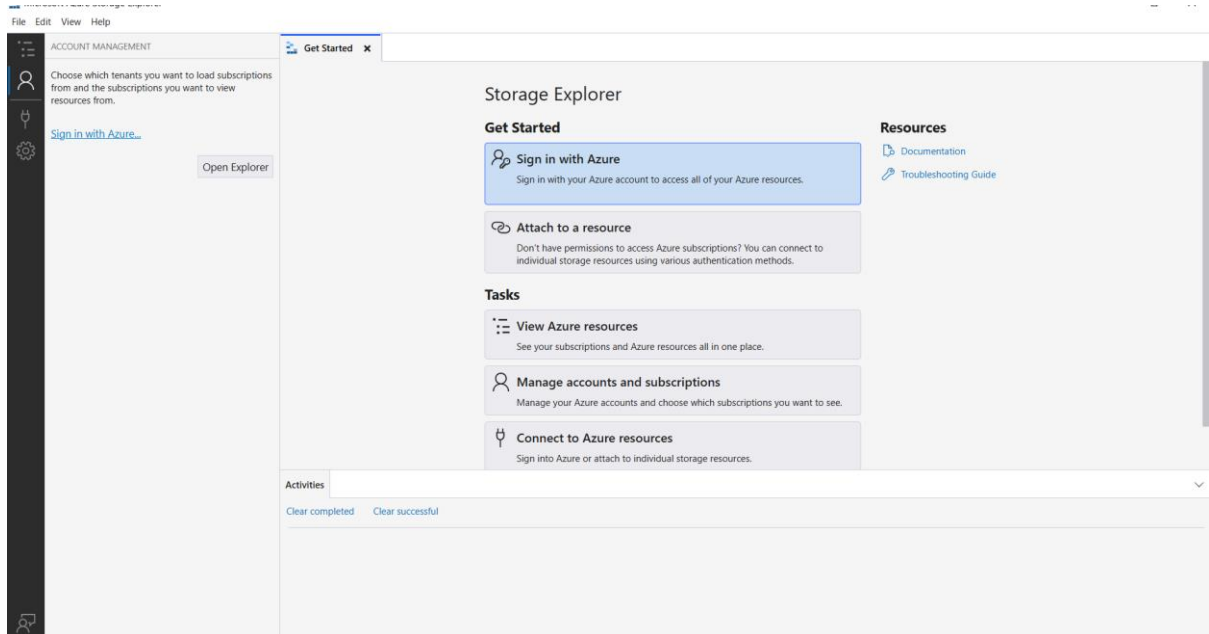

Step 1: Launch Azure Storage Explorer

- Open the Azure Storage Explorer application on your system.
- You will see the main interface with a side panel.

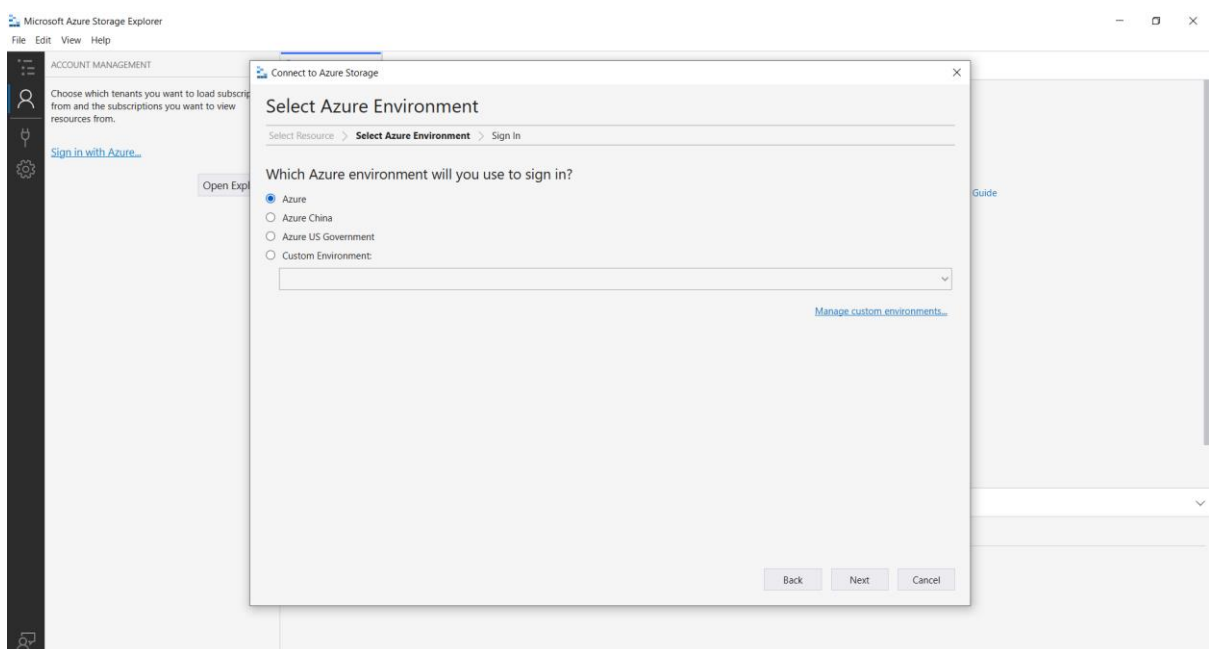

Step 2: Open the “Accounts” Page

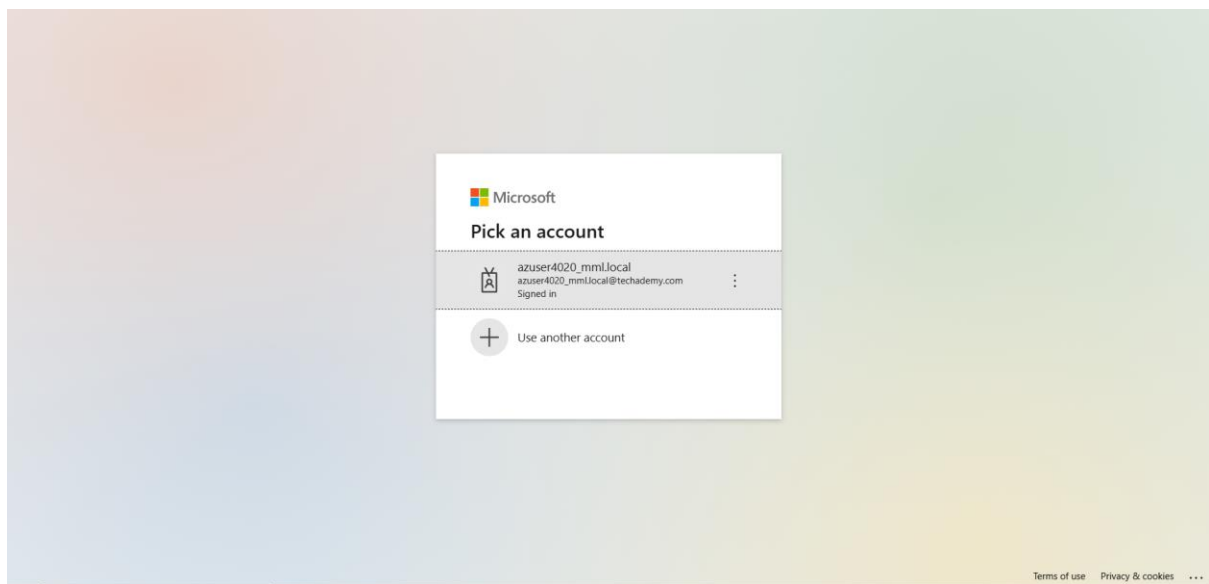

- Or click the **plug icon** on the left navigation panel.

Step 3: Sign in to Azure

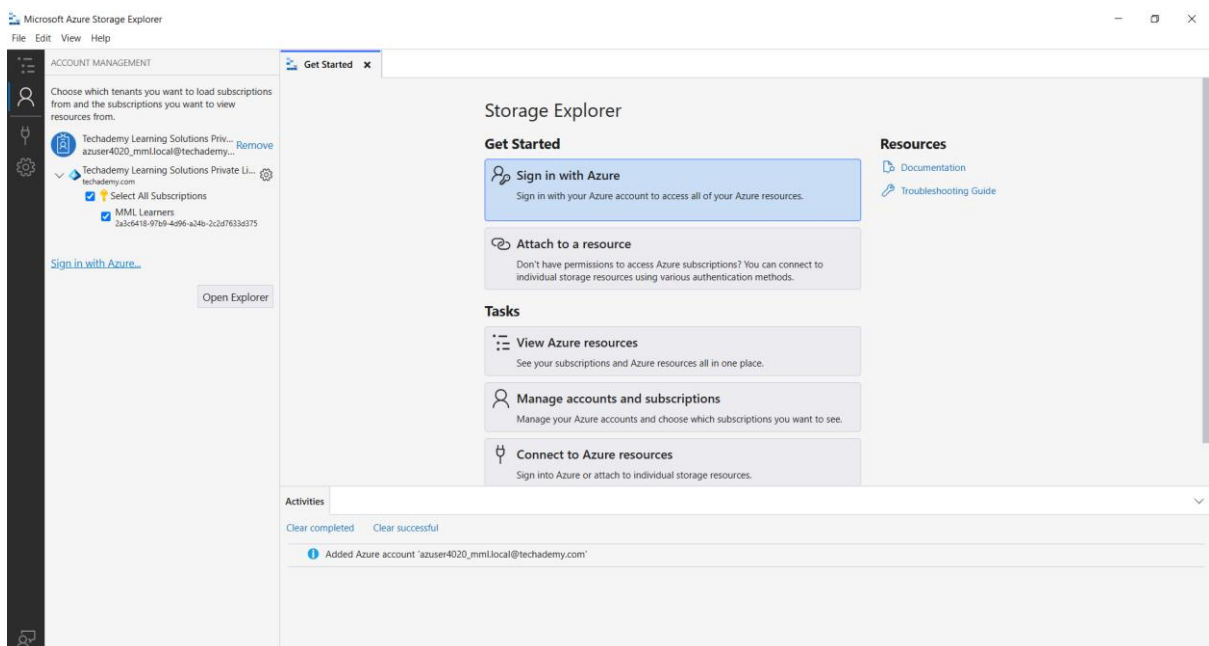

- A browser window will appear.
- Enter your **Azure email and password**

Step 4: Select Subscriptions

- After login, a list of **available subscriptions** will be shown.
- Tick the checkbox for the subscription(s) you want to use in Storage Explorer.
-

Step 5: Connection Successful

- The Accounts page now shows your Azure account
- On the left panel, you will now see:

Storage Accounts → <Subscription Name> → <Storage Account Name>
